

The Art of Communication™

Information Sheet

QuarkXPress 5.0

QuarkXPress gives you unparalleled design command over every aspect of your document, from conception to output. QuarkXPress lets you create a wide variety of materials quickly and efficiently from within an intuitive, standards-based environment.

QuarkXPress 5.0 — Coming Soon

Create your document once and publish it anywhere. With the new technologies in development for QuarkXPress™ 5.0 software, you will be able to do just that, no matter which delivery medium you choose.

With QuarkXPress 5.0, Quark, Inc. continues its commitment to media-independent publishing. This new version will allow you to:

- Create Web pages easily — complete with rollovers, image maps, hyperlinks, tables, and metatags
- Author XML content easily and efficiently using avenue.quark™ QuarkXTensions™ software. Using avenue.quark, you can export content directly as XML from your QuarkXPress document or import existing XML data into your QuarkXPress document
- Create hyperlinks for PDF and the Web
- Create and export tables with ease
- Use layers throughout your document to help you organize information and attributes quickly and easily
- Take advantage of scripting capabilities with the new AppleScript XTensions™ software
- Control color with Quark Color Management System (CMS) XTensions software
- Increase productivity with enhanced user interface and context menus
- Conveniently manage multi-user sites with the license controller applet

With these and other new features that will be included in this upcoming version, Quark™ solidifies its commitment to standards-based publishing technologies, ensuring that QuarkXPress is your tool of choice for cross-media publishing.

QuarkXPress Passport 5.0

Create documents for a multinational audience with QuarkXPress Passport™ software, the multiple-language version of QuarkXPress.

QuarkXPress Passport offers the same familiar interface and contains all the features and capabilities of QuarkXPress — plus hyphenation and justification rules, and dictionaries for U.S. English, International English, Danish, Dutch, French, German, Reformed German, Italian, Norwegian, Spanish, Swedish, and Swiss-German.

QuarkXPress 5.0 Minimum System Requirements

Mac OS

Software

- PowerPC-based system: Mac OS 8.5
- LaserWriter driver 7.0, 9.0

Hardware

- PowerPC-based Mac OS-compatible computer
- CD-ROM drive (or access to a CD-ROM drive over a network) for installation
- Free RAM: 14MB (with virtual memory turned off), 20MB or more for graphic-intensive documents
- Free hard disk space for full installation: 36MB

Windows

Software

- Microsoft Windows 95 or Windows NT 4.0

Hardware

- Pentium-based Windows-compatible computer
- CD-ROM drive (or access to a CD-ROM over a network) for installation
- 32MB total RAM (additional memory recommended for graphic-intensive documents)
- Free hard disk space: 40MB
